# Chapter one

## escaping

Once upon a time, a group of dragons were trying to escape from a locked up cave they had grown up in. They had hatched at the same time in the same day. They wanted to get out and see the world. Ashe the dragon that was there when they hatched wouldn't let them out though.

Hurricane the skywing was trying to burn the rock bars of the cave with his fire. Ashe said, "It's no use, rock is unbeatable. Your just wasting fire." Marsh the mudwing was also using his fire until then because he noticed Ashe was holding a key. He then started banging on the bars.

Finally, one of the bars broke  
and Splash the seawing slithered  
out. Then, she banged on another  
bar so Hurricane and Marsh could  
get out. Next, Camouflage the  
rainwing flew out, and finally,  
Sand the sandwing took off  
and flew out. Guards were  
were in. Guards were surrounding  
them from all sides. But then a  
"THUD" and Queen Flake of  
the icewings appeared with several  
guards with her.

## The Open World

"After we get out Queen Flake appears, that's just great!" Said Camouflage. "Psst! Your supposed to be bowing and being quiet right now!" Said Marsh. "Oh ya, thanks!" Said Camouflage. So they all stayed quiet while Ashe and Queen Flake talked.

Then, after what seemed to be five hours, Ashe said, "All right, we've made up our minds. We're going to let you leave, but you have to either go to the Seawing Kingdom,

Sky Kingdom, Mud Kingdom,  
Rainforest Kingdom, Ice  
Kingdom, or Kingdom of Sand  
"WHAT!" They said  
together. "Hattatta," said

Queen Flake. They started  
to talk and then said, "we are  
going to the rainforest Kingdom."  
"OK," said Ashe. "Leave!" She  
said again. And they flew away.  
But they realised they didn't  
know where they were.

## Free life

So they just landed and slept there for the night. Ashe went flying back to the Ice Kingdom with Queen Flake. When Ashe had said fairwell to Queen Flake she left the castle.

They went to the Rain  
Forest and another adventure  
began....!
