To The People of West Virginia,

It is an honor to serve as elected Republican members of the West Virginia Legislature. Presently, President Joe Biden continues to leverage a liberal-fueled, radical agenda against West Virginia and America. An agenda that sacrifices individual freedoms, American energy independence, national security, fiscal responsibility, and the sanctity of life in exchange for an out-of-touch, left-wing ideology that harms our country. West Virginia has suffered enough under Democrat rule and Joe Biden, and we must look to the future with purpose and optimism.

As President, Donald J. Trump fought for conservative Republican principles and delivered responsible, America First policies that greatly benefited West Virginia, our nation, and the world. President Trump exhibited strength and determination within his service to our country as he bravely countered unwarranted attacks, never wavering from his commitment to the American people.

The voters of the great state of West Virginia overwhelmingly supported President Trump in 2016 and 2020, and we, the members of the West Virginia State Legislature believe, President Donald J. Trump is the proven candidate best capable to govern our country and secure a better future for all Americans. President Donald J. Trump recognizes that the sovereignty and greatness of America must be restored and preserved and has the experience to immediately lead our country away from evident harm. Together, we, the undersigned, are proud to endorse President Donald J. Trump as the 2024 Republican nominee for President of the United States of America.

Respectfully submitted,
