

THE LEGISLATURE TODAY

In WV Classrooms

The Legislature Today is West Virginia's only television/radio simulcast devoted to covering the state's 60-day regular legislative session. In addition to the weeknight television broadcast throughout the session, WVPB reporters will deliver news from the session daily on the network's radio news program, West Virginia Morning, and our website, wvpublic.org. WVPB will also provide gavel-to-gavel live broadcasts of Senate and House floor sessions daily online and on The West Virginia Channel.

Monday-Friday at 6 p.m. during the state legislative session.

**On WVPB TV, Radio & Digital.
Also, watch on YouTube.**

***The Student Reporters* segment is every Friday.**
