HOUSE OF DELEGATES
WEST VIRGINIA LEGISLATURE

October 5, 2026

Dan Haley, Chief Legal Officer
Flock Safety
3284 Northside Parkway NW
Atlanta, GA 30327

Mr. Haley:

Your letter of September 16, 2026 is the third time a representative of Flock Safety has offered an off-the-record briefing rather than providing full answers to our questions.[1] Meeting behind closed doors is no substitute for providing written responses to questions of such clear public concern—questions all the more relevant since new Flock camera hacking incidents have come to light.[2] Six weeks after our initial August 14, 2026 request, you have failed to produce these answers. As our last letter clearly stated, we do not intend to sit for a briefing with you until Flock Safety has responded in full to our requests.

We will extend your production deadline to Friday, October 9, 2026. Should you fail to provide complete answers to the outstanding items identified in our September 3, 2026, letter, the House Committee on Government Organization may pursue compulsory process under West Virginia Code § 4-1-5. Given your eagerness to speak behind closed doors, please be advised that the Committee may also consider transcribed depositions to obtain further information.

Cordially,

Delegate Tristan Leavitt

Delegate Ryan Browning

Delegate Patrick Lucas

Chairman Chris Phillips

[1] We also note that your September 16 letter was not addressed to Delegate Chris Phillips, Chairman of the House Committee on Government Organization, with whose signature and under whose letterhead the September 3, 2026, letter to Flock Safety was sent.
